

Internship in the field of disarmament and environmental policy:

We offer: Internships within the scope of the activity of ICBUW Germany

Background: The International Coalition to Ban Uranium Weapons has been committed for years to a ban on uranium weapons use as a particularly abhorrent form of environmental destruction caused by war. The work is embedded in the broader context of toxic wartime consequences (such as caused by Agent Orange), "Toxic remnants of war" (www.toxicremnantsofwar.info).

Tasks and requirements:

- Content and organizational-logistical support of ICBUW Germany
- Research and lobbying; Preparation of events and actions; Publications, Media and lobbying; Maintenance of the website
- Depending on qualification / field of study / interest: possibility of professional profiling in the areas of law (international humanitarian law, human rights, environmental law), political science, environmental protection or similar
- Interest in peace, disarmament and environmental issues and commitment
- Foreign language skills (prerequisite English)

Time scale and working hours:

- 6 weeks to 3 months, or longer
- flexible, by arrangement

Contact:

Prof. Manfred Mohr (spokesperson ICBUW Germany and member of the board of the International Association of Lawyers Against Nuclear Arms, IALANA)

Mail: mohrm@gmx.net

Place of work:

Headquarter of ICBUW Germany,
c/o IALANA-Capital Office (Marienstr. 19-20, 10117 Berlin)
or flexible (via electronic and communication)
